Annotation tools

Share feedback using familiar text-based tools—add sticky notes, use highlighters, insert text, replace text, underline, and add a note to text. You can also attach a file in any format to the PDF file, record audio feedback via your system microphone, or use a digital version of a rubber stamp. Choose from a variety of stamps, including Approved, Confidential, and Draft, or create your own.

Drawing markups

Emphasize areas on the page with intuitive-to-use shapes. Use text boxes that remain visible on the page rather than closing like a pop-up note. Communicate your ideas artistically with the pencil and eraser tools. The callout tool is a text box with an attached arrow to specify the area that you are commenting on.
